

BISFed 2014 Boccia World Championships

GENERAL OUTLINE OF THE COMPETITION

All Events of the BISFed 2014 Boccia World Championships will run in accordance with the BISFed International Boccia Rules. In case of doubt or disagreement in the interpretation of the rules, the English version shall prevail. The current BISFed Boccia Rules 2014 can be found on the BISFed website.

Any case not included in this document shall be solved in accordance with the Technical Delegate for the competition, Ms. Cannie Leung. It is the responsibility of each National Organization participating in the event to ensure that all competitors and technical personnel are familiarised with BISFed Boccia Rules.

FINAL ENTRIES & ALLOCATION OF INDIVIDUAL SLOTS

The information on the final entries as on 4th Sept., 2014 is attached (small changes may occur from some contingency issues and, hence, please check regularly the BISFed website for updates.)

The competition format specified for 2014 World Championship on page 13 of the BISFed Competition System 2014-2016 document published by Competition Committee of BISFed in November, 2013 will be adopted, with 32, 48, 48 and 32 slots for Individual BC1, BC2, BC3 and BC4 divisions respectively.

As the numbers of BC1, BC3 and BC4 entered were more than the above mentioned numbers of slots (that of BC2 was exactly 48), forms had been sent to participating countries to nominate the athletes to fill their automatic slots. The remaining slots were then allocated to the highest ranked athletes entered in the Team or Pair event who were not nominated for an entry slot.

After the above procedure, the slots for individual competitions were approved by the BISFed Competition Committee, except 2 slots for BC3 which were competed by 4 non-ranking players. Please refer to the list thus published.

Hence, it was decided that 2 knock-out matches would be arranged for the 4 non-ranking BC3 players for the allocation of the remaining 2 slots:

A draw would be conducted during the Team Managers Meeting on 21st September to assign the 4 players into 2 matches which to be played at 16:30 on 21st September (on Court 1 and Court 2). Winners of the matches would be awarded the slots.

BISFed 2014 Boccia World Championships

COMPETITION SCHEDULE

The pools for teams and pairs have been decided according to competition format specified for 2014 World Championship and the seeding procedures under 2.3.2 of the BISFed Competition-System-Manual published by the Competition Committee in July, 2014.

The formation of pool structure for individuals would follow the same procedures when all individual slots are confirmed.

The arrangement of Elimination Rounds / Knock-out arrangements and positioning criteria will follow those elaborated from 2.3.3 to 2.3.7 of the above mentioned Competition Manual.

Attached is the preliminary competition schedule for teams, pairs and individuals. After the Team Managers Meetings, the Competition Schedule will be confirmed and released.

TEAM MANAGERS MEETINGS

There will be two Team Managers Meetings:

1. The first one (with confirmation of teams and pairs schedule, as well as draw for the knock-out matches for BC3 slots) will be held at 3:00pm on 21st Sept. 2014 (venue to be confirmed).
2. The second one (with draw of individual competitions) will be held on 23rd Sept., 2014 (exact time and venue to be confirmed soon).

To decide the point qualifier advancers, the process stated in Final Positioning Criteria 2 is used. All the sides next to the direct advancers in each pool would be compared and then put in a positional order. For example, if there are 7 pools and 16 sides progress to the Elimination Rounds, then the top two sides in each pool will progress (14 sides), plus the top two 3rd placed sides.

2.3.3 Elimination Rounds / Knock-out (KO)

Elimination rounds eliminate 50% of the sides until there are just four sides remaining (the semi-finalists): the winner of each semi-final progress to the Final, and the loser of each semi- final progress to the 3rd/4th play-off.

2.3.4 Elimination Rounds Structure

There are 3 rules to observe at this stage.

Rule 1: The Elimination Round matches should be arranged to enable the seeded players to reach their respective seeded positions provided all the results of matches go according to the seeding. For example, it allows the 1st and 2nd seeded players to meet in the Final, the 3rd and 4th seeded players to meet in the 3rd/4th play-off match etc.

Rule 2: The Elimination Round matches use the Advantage Seeding method, similar to the method when placing seeded sides in the pools. The purpose is to give the highest seeded players the best opportunity to progress to further rounds.

Rule 3: Sides coming from the same pool should not meet until the final match. To satisfy this rule, the sides coming from the same pool should be put in different halves of the draw.

The example shows the KO structure with 16 sides coming from 6 pools, with 4 point-qualifiers

Step 1: List the seeds

seed	1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16
side	A-1	B-1	C-1	D-1	E-1	F-1	F-2	E-2	D-2	C-2	B-2	A-2	PQ-1	PQ-2	PQ-3	PQ-4

Step 2: List the position of seeds

1. Adopting the advantage seeding method, the number sum of each pair of neighbor seeds should be the same, and equal to (1 + total KO sides).

2. For 16 sides, $1 + 16 = 17$. 1st Seed should be paired up with 16th Seed, 8th Seed with 9th Seed.....3rd Seed 3 with 14th Seed, 6th Seed with 11th Seed.

3. Competitors are seeded according to the positions as follows:

Position	1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16
Seed	1	16	8	9	4	13	5	12	2	15	7	10	3	14	6	11
Side	A-1	PQ-4	E-2	D-2	D-1	PQ-1	E-1	A-2	B-1	PQ-3	F-2	C-2	C-1	PQ-2	F-1	B-2

Step 3: Separate the sides from the same pool into different halves

Following Step 2, the 1st and 2nd places from the same pool will be put in the same halves, meaning that players from the same pool will meet again in the third round of KO, not “until the final match”.

Hence, the next step is to exchange the 2nd place players with corresponding players of their neighbour pairs (i.e. A2-B2, C2-D2, E2-F2). That is, A-2 exchanged with B-2, C-2 exchanged with D-2, E-2 exchanged with F-2 to make the arrangement satisfied with rule 3.

Consequently, the final KO-16 arrangement should be as follows:

Position	1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16
Seed	1	16	8	9	4	13	5	12	2	15	7	10	3	14	6	11
Side	A-1	PQ-4	F-2	C-2	D-1	PQ-1	E-1	B-2	B-1	PQ-3	E-2	D-2	C-1	PQ-2	F-1	A-2

The various combinations of pools and elimination rounds (or knock-out, KO) arrangements are listed in **Appendix B**.

2.3.5 Final Positioning

The final positioning of sides will be determined using the following criteria and depending on the number of sides progressing beyond the pool rounds.

2.3.5.1 4 sides progress to the Elimination Rounds

Position	
1 st (Gold)	Winner of the final
2 nd (Silver)	Loser of the final
3 rd (Bronze)	Winner of the 3rd/4th play-off
4 th	Loser of the 3rd/4th play-off
5 th onwards	Sides not progressing beyond pools ordered using the Final Positioning Criteria 2

2.3.5.2 8 sides progress to the Elimination Rounds

Position	
1 st (Gold)	Winner of the final

2 nd (Silver)	Loser of the final
3 rd (Bronze)	Winner of the 3rd/4th play-off
4 th	Loser of the 3rd/4th play-off
5 th – 8 th	Losers of the quarter-finals (ordered using the Final Positioning Criteria 1)
9 th – onwards	Sides not progressing beyond pools (ordered using the Final Positioning Criteria 2)

2.3.5.3 16 sides progress to the Elimination Rounds

Position	
1 st (Gold)	Winner of the final
2 nd (Silver)	Loser of the final
3 rd (Bronze)	Winner of the 3rd/4th play-off
4 th	Loser of the 3rd/4th play-off
5 th – 8 th	Losers of the quarter-finals (ordered using the Final Positioning Criteria 1)
9 th – 16 th	Losers of the eight-finals (ordered using the Final Positioning Criteria 1)
17 th onwards	Sides not progressing beyond pools (ordered using the Final Positioning Criteria 2)

2.3.5.4 32 sides progress to the Elimination Rounds

Position	
1 st (Gold)	Winner of the final
2 nd (Silver)	Loser of the final
3 rd (Bronze)	Winner of the 3rd/4th play-off
4 th	Loser of the 3rd/4th play-off
5 th – 8 th	Losers of the quarter-finals (ordered using the Final Positioning Criteria 1)
9 th – 16 th	Losers of the eight-finals (ordered using the Final Positioning Criteria 1)
17 th – 32 nd	Losers of the sixteen-finals (ordered using the Final Positioning Criteria 1)
33 rd onwards	Sides not progressing beyond pools (ordered using the Final Positioning Criteria 2)

2.3.6 Final Positioning Criteria 1

For sides that lost in one of the Elimination Rounds.

Criterion	Method	Description
1	Points Difference	The number of points scored, minus the total number of points conceded, and placed in descending order
2	Points For	The total number of points scored, and placed in descending order
3	Previous Round	If it is the ¼ final, then criterion 1 and 2 should be applied to the 1/8 final, or results of pool in case the sides only played one elimination round (follow the Final Positioning Criteria 2)

2.3.7 Final Positioning Criteria 2

Final Pool Stage Position & Progression to Elimination Round.

The following criteria should be used to determine the final positions of sides after the Pool Stage is completed. This process should be used firstly to determine the finishing position

within a group, starting at 1b. If required, this process should then be repeated to determine any point qualifier slots for the elimination rounds, starting at 1a.

Criterion	Method	Description
1a (for Points QF only)	Pool Position	Final position of sides within a pool in descending order
1b	Number of Wins	The total number of wins in descending order. If the number of side is not the same in all the pools, than the results against the last place finisher of the pool(s) with higher number of sides are taken out.
2	Points Difference	The total number of points scored, minus the total number of points conceded descending order. If the number of side is not the same in all the pools, than the results against the last place finisher of the pool(s) in the pools with higher number of sides are taken out.
3	Points For	The total number of points scored in descending order. If the number of side is not the same in all the pools, than the results against the last place finisher of the pool(s) in the pools with higher number of sides are taken out
4	Ends Won	The total number of ends won in descending order. If the number of side is not the same in all the pools, than the results against the last place finisher of the pool(s) in the pools with higher number of sides are taken out.
6	The positive points difference in a match	The highest positive points difference in a match in descending order. If the number of side is not the same in all the pools, than the results against the last place finisher of the pool(s) in the pools with higher number of sides are taken out.
7	The positive points difference in an end	The highest positive points difference in an end in descending order. If the number of side is not the same in all the pools, than the results against the last place finisher of the pool(s) in the pools with higher number of sides are taken out

* When two sides have won the same number of matches in the pool (round-robin), the winner of the game between the two sides will decide who advance.

Criteria three to seven would be used when there are more than 2 sides with the same record: if by using Criterion Three through Seven side(s) are eliminated, and there are only two remaining, in which case Criterion two will decide who should advance.
